

## DECISION OF THE DIRECTOR

---

**In the Matter of:** *Business Practices and Consumer Protection Act, S.B.C. 2004, c.2  
Cremation Interment Funeral Services Act, S.B.C. 2004, c.35 and  
Cremation Interment Funeral Services Regulation*

**Respondent:** **Edith Jones**

**Case Number:** **31159**

**Licence Number:** **39066**

**Adjudicator:** **Tegan Scardillo, Director of Business Practices and Classification**

**Date of Decision:** **July 14, 2021**

### A. INTRODUCTION

1. Edith Jones (“the respondent”) is a funeral director and embalmer, licensed to engage in the activity under Consumer Protection BC licence number 39066 (“the licence”).
2. Unless ordered otherwise by the Director, all funeral directors must complete six hours of training in a funeral services program approved by the Director during each successive two-year period (“the successive period”) from the when the licence was issued. Similarly, embalmers must complete six hours of training in an approved program of embalming services. A person that is both a funeral director and embalmer must complete the required training for both designated activities.
3. On May 14, 2021, a Business Practices Officer with Consumer Protection BC delivered a Report to Director (“the Report”) to the respondent. The Report alleged the respondent failed to complete the required training as a funeral director and as an embalmer in the past two-year successive period, as required under the Cremation Interment Funeral Services Regulation (“CIFSR”).

4. I have been delegated the authority of the Director to decide if a contravention to the legislation has taken place and what consequences, if any, should flow from a confirmed contravention.

#### **B. OPPORTUNITY TO BE HEARD**

5. Prior to an action being taken under the *Business Practices and Consumer Protection Act* (“BPCPA”) and the *Cremation Interment and Funeral Services Act* (“CIFSA”), the person subject to the action must be provided with an opportunity to be heard.
6. An opportunity to be heard notice (“the notice”) was emailed to the respondent on May 19, 2021. It provided the respondent with the opportunity to submit a written reply to the Report by June 10, 2021. The notice indicated that after the opportunity to respond was completed, a decision maker for Consumer Protection BC would determine whether the alleged violation occurred. Possible licensing and enforcement consequences for a confirmed contravention were described in the notice.
7. The respondent provided a written response to the Report on June 8, 2021.
8. I conclude the requirement for providing an opportunity to be heard has been completed.

#### **C. ALLEGED CONTRAVENTION(S)**

9. The Report advances the following allegations:
  1. The respondent contravened CIFSR section 38(1)(a) by failing to complete the minimum required six hours of training in a program of funeral services approved by the Director during the past two-year successive period commencing on the date the respondent was first issued a funeral director and embalmer licence.
  2. The respondent contravened CIFSR section 38(1)(b) by failing to complete the minimum required six hours of training in a program of embalming services approved by the Director during the past two-year successive period commencing on the date the respondent was first issued a funeral director and embalmer licence.

#### **D. LEGISLATION**

10. The legislation relevant to the alleged contravention is contained in the CIFSR:

##### ***Continuing education***

**38** (1)A person licensed as a funeral director, embalmer or both must complete a minimum of

- (a) 6 hours of training in a program of funeral services that is approved by the director, if licensed as a funeral director,
- (b) 6 hours of training in a program of embalming that is approved by the director, if licensed as an embalmer,

during each successive two-year period where the first two-year period commences on the date the person first received his or her licence to act as a funeral director or an embalmer or both in the Province.

(2) Despite subsection (1), the director may at any time require a funeral director or embalmer to take additional training in a program of funeral services education or embalming.

## **E. EVIDENCE**

11. I have reviewed the Report and the respondent's written reply in their entirety. I limit my comments to only the parts of the evidence necessary to give context to my decision.
12. The respondent was first issued the licence on April 1, 2007 to act and hold themselves out as a funeral director and embalmer.
13. The most recent successive two-year period from when the respondent was first issued the licence commenced April 1, 2019 to April 1, 2021.
14. On July 20, 2020, Consumer Protection BC emailed all licensed funeral directors and embalmers providing information about changes being made to share the status of individual continuing education training requirements. The communication provided a reminder that it is the responsibility of the funeral director and embalmer to ensure course completion documentation is submitted to Consumer Protection to receive credit for completion. It was also noted in the communication that funeral directors and embalmers would receive a status report every six months as a reminder of credits completed and how many credits remained due.
15. On July 21, 2020, the respondent was sent an email from Consumer Protection BC that showed the respondent had not completed any credits for funeral service or embalming in the current two-year successive period. The communication noted the required education credits were due on "4/1/2021".
16. On March 1, 2021, an email was sent to the respondent explaining that they had 6 funeral director credits and 6 embalmer credits due by "2021/04/01".

17. Before the end of the two-year successive period (April 1, 2019 to April 1, 2021), Consumer Protection BC did not receive a record or other form of confirmation from the respondent to confirm completion of the education requirements for a funeral director or embalmer.
18. The Report to Director was emailed to the respondent on May 14, 2021.
19. The respondent provided an emailed response to the notice on June 8, 2021.
20. The respondent explained that they have been dealing with ongoing medical issues since 2007, are currently on medical leave and hope to be able to return to work. Proof of medical leave was attached to the email.
21. The respondent also stated that they recently completed the required continuing education credits, and attached proof of completion; however, proof of completion was not attached to the email.
22. The respondent stated that it would be a hardship to pay a fine on top of course fees and that they would endeavor to stay up to date on continuing education credits going forward. The respondent also stressed the importance of their funeral director and embalmer licenses and that they did not want to lose a license they had worked hard to obtain.
23. The decision maker emailed the respondent on June 18, 2021 requesting proof of completion for the courses taken.
24. The respondent replied on June 18, 2021 with a forwarded email from the course provider confirming that the respondent had completed 6 hours of training in a program of funeral services and 6 hours of training in a program of embalming services. This is accepted as proof of completion.
25. All courses were approved courses with a completion date of June 1, 2021.

#### **F. ANALYSIS**

26. The respondent's submission that they have been dealing with ongoing medical issues for a number of years and is currently on disability is substantiated with documentation showing the respondent has been unable to work as a funeral director or embalmer during the last successive period of April 1, 2019 to April 1, 2021, as well as prior to that. While I can appreciate that many tasks could be difficult for the respondent to complete, I note that the respondent successfully completed the minimum required training hours in one day. This shows me the respondent was quite capable of completing the required training in a short period of time that was far from being onerous on them, even with persistent medical issues. While being on

disability is not necessarily a defense as to why the training was not completed on time, it is an element I will consider as part of my decision to impose any penalty.

27. The evidence clearly establishes that in the last two-year successive period of April 1, 2019 to April 1, 2021, the respondent was required to complete six hours of approved training in funeral services. The respondent did not complete any of the required training in funeral services before the end of the last two-year successive period; therefore, I find the respondent contravened CIFSR section 38(1)(a).
28. The evidence clearly establishes that in the last two-year successive period of April 1, 2019 to April 1, 2021, the respondent was required to complete six hours of approved training in embalming. The respondent did not complete any of the required training in embalming before the end of the last two-year successive period; therefore, I find the respondent contravened CIFSR section 38(1)(b).

#### **G. DUE DILIGENCE**

29. The respondent is entitled to the complete defence of due diligence against the allegation if they show that all reasonable steps were taken to *prevent* the contravention from happening. The onus is on the respondent to establish this defence. I was not presented with any evidence to show due diligence by the respondent.

#### **H. CONCLUSION**

30. I conclude the respondent contravened CIFSR section 38(1)(a) by failing to complete the minimum required six hours of training in a program of funeral services approved by the Director during the past two-year successive period (April 1, 2019 to April 1, 2021) from when the licence was first issued.
31. I conclude the respondent contravened CIFSR section 38(1)(b) by failing to complete the minimum required six hours of training in a program of embalming services approved by the Director during the past two-year successive period (April 1, 2019 to April 1, 2021) from when the licence was first issued.

#### **I. LICENSING AND ENFORCEMENT ACTION**

32. As the Director determining that a contravention has occurred, I may take one or more of the following actions:

- suspend, cancel a license and/or impose conditions on a license (BPCPA section 146 and CIFSA section 55(3));
- accept an undertaking on terms I consider appropriate (BPCPA section 154 and CIFSA section 56(2)(b));
- issue a compliance order to take specified further corrective action, and to repay Consumer Protection BC costs of this inspection and any associated legal costs (BPCPA section 155(4)(c)(d) and CIFSA section 56(2)(c));
- impose an administrative penalty of up to \$5,000 on an individual (BPCPA section 164-165 BPCPA and CIFSA section 58)

### **Compliance Order**

33. Education requirements are in place to ensure funeral directors and embalmers stay up to date and expand in their level of skill and knowledge to perform the functions of the profession. I am not comfortable in allowing the respondent to maintain the licence without acquiring the full training that should have been obtained during the last two-year successive period. Therefore, I exercise my authority under BPCPA section 155(4)(c) and CIFSA 56(2)(c) to order that the training completed on June 1, 2021 be applied to the previous two-year successive period that ended on April 1, 2021. In applying the hours of approved training completed on June 1, 2021 to the previous successive period, the respondent's continuing education report will now show zero hours of approved training completed in the current successive period of April 1, 2021 to April 1, 2023. The respondent should take note of this to ensure they meet education requirements that will come due on April 1, 2023. The precise terms are described in the Compliance Order attached to this decision.
34. I also exercise my authority under BPCPA section 155(4)(d) and CIFSA section 56(2)(c) to require the respondent reimburse Consumer Protection BC *partial* inspection costs associated with preparing the Report in the amount of \$150.00. Details of payment are described in the attached Compliance Order.

### **Administrative Penalty**

35. As per CIFSA section 58(1), an administrative monetary penalty ("AMP") may be imposed where a person contravenes a prescribed provision of the CIFSR. A contravention to CIFSA section 38(1)(a) is prescribed by the Administrative Penalties Regulation and may, therefore, attract an AMP. A contravention to CIFSA section 38(1)(a) and 38(1)(b) is also prescribed by the Administrative Penalties Regulation and may attract an AMP.
36. Although open to me to impose an administrative penalty for each contravention, I have decided to only impose an AMP for the contravention to section 38(1)(a) for failing to complete the required complete the minimum required six hours of training in a program of funeral services approved by the Director.

37. BPCPA section 164(2) and CIFSA section 58(3) set out the following factors that must be considered before imposing an AMP:
- (a) previous enforcement actions for contraventions of a similar nature by the respondent
  - (b) the gravity and magnitude of the contravention
  - (c) the extent of the harm to others resulting from the contravention
  - (d) whether the contravention was repeated or continuous
  - (e) whether the contravention was deliberate
  - (f) any economic benefit derived by the person from the contravention
  - (g) the person's efforts to correct the contravention
38. For the contravention at issue, I consider all these factors to decide whether an AMP should be imposed. If imposing an AMP, to determine the *amount* that should be imposed, I consider the BPCPA section 164(2) and CIFSA section 58(3) factors together with the Consumer Protection BC policy, “Calculation of Administrative Monetary Penalties Policy and Procedures” (the “Policy”). The Policy model and rationale are discussed below.
39. The Policy, normally applied by Consumer Protection BC, sets out how the AMP amount is calculated, starting with a base penalty amount. The Policy helps to ensure that calculations of AMP amounts are consistent, transparent, flexible, and proportionate to the contraventions at issue, and that suppliers subject to AMPs know how Consumer Protection BC interprets the BPCPA and CIFSA, and analyses the criteria determining AMP amounts. Consumer Protection BC has developed the Policy from its experience and expertise in providing consumer protection services, and from its mandate to administer the BPCPA and CIFSA in the public interest.
40. According to the Policy, contraventions for which AMPs are imposed are first categorized into Type A, Type B, or Type C, as set out in the Appendix. Consumer Protection BC makes these assignments based on its purposes and experience in delivering consumer protection services in the public interest, and the consideration of two factors: (1) the inherent severity of harm specific to the contravention, and (2) the probability that a person will experience harm from the contravention.
41. After categorization of the contravention, the decision maker considers a set of “adjustment factors” laid out in the Policy. These “adjustment factors” are based on section 164 (2), plus one additional criterion consistent with the legislation. The Policy requires the decision maker to choose a “gravity” value for each adjustment factor based on consideration of the relevant aggravating or mitigating circumstances.
42. When applying the Policy, the decision maker is considering all the factors under BPCPA section 164 (2) and CIFSA section 58(3) in his or her calculation or analysis of the AMP amount that should be imposed. The decision maker continues by then deciding in his or her discretion whether the amounts in the Policy or different amounts imposed based on consideration of the

factors under BPCPA section 164 (2) and CIFSA section 58(3) (and one additional related criterion) and any other relevant circumstances.

43. In the respondent's opportunity to be heard notice, I identified the Policy and advised that it will be applied as part of any decision that may impose an AMP. This notice further stated that the Policy can be viewed on our website and would be otherwise provided to the Respondent in paper form upon its request. Therefore, in this hearing the respondent had an opportunity to respond to the Policy by making submissions on the appropriateness of its application or its consistency with criteria in the BPCPA and CIFSA. However, in this hearing I have not received any submissions from the respondent on the Policy.

44. I have determined that an AMP should be imposed for the respondent's failure to complete the minimum required six hours of training in a program of funeral services approved by the Director during the past 2-year successive period (April 1, 2019 to April 1, 2021), beginning from when the licence was first issued. I now will consider the specific AMP to be applied.

#### **Calculation of the AMP amounts**

45. I first apply the Policy to calculate an AMP amounts. I then decide whether that amount or a different amount should be imposed based on consideration of the factors under BPCPA section 164(2) and CIFSA section 58(3), and one additional criterion, and any other relevant circumstances.

46. A breach to CIFSR section 38(1)(a) and 38(1)(b) is a Type A contravention under the Policy (page 20 Appendix A, line 225). I agree with this categorization given the circumstances of this violation. It represents the appropriate level of severity and potential harm for prescribed contraventions according to the Policy.

47. Consequently, according to the AMP "Matrix" in part 4.3 (page 5) of the Policy, the "base" amount for penalty is \$500.00 for an individual.

48. My assessment of the adjustment factors applicable to these contraventions under the Policy's penalty matrix is set out in the table below and on page 8.

<b>Adjustment Factor</b>	<b>Effect on Gravity</b>	<b>Analysis</b>
<b>1. <i>Previous enforcement actions for</i></b>	<b>0</b>	There are no previous enforcement actions by Consumer Protection BC against the respondent. I maintain the gravity level at neutral.

<p><b><i>contraventions of a similar nature</i></b></p>		
<p><b>2. Gravity and magnitude of the contravention</b></p>	<p>-1</p>	<p>As mentioned in the decision, continuing education requirements are in place to ensure funeral directors and embalmers grow and expand their knowledge in the profession. The educational requirements are attached to the license and the completion of the required training is not dependent on whether a license holder elects to work or perform the duties granted under the license. Imposing an AMP is intended to correct the non-compliance and deliver a message to the respondent about the importance of completing their education requirements into the future. As noted, the respondent has been unable to work as a funeral director due to being on disability. Proof of this was submitted and am I satisfied to its veracity. Accepting the respondent did not perform any functions as a funeral director or embalmer, notwithstanding a license was in place, I have treated this as a mitigating factor and have reduced the gravity level accordingly.</p>
<p><b>3. Extent of the harm to others resulting from the contravention</b></p>	<p>0</p>	<p>There is no evidence or basis to infer harm to others resulting from the contraventions. I maintain the gravity level at neutral.</p>
<p><b>4. Whether the contravention was repeated or continuous</b></p>	<p>0</p>	<p>The contravention was not repeated or continuous. I maintain the gravity level at neutral.</p>
<p><b>5. Whether the contravention was deliberate</b></p>	<p>0</p>	<p>I have no reason to believe the respondent's actions were of a deliberate or intentional nature. I maintain the gravity level at neutral.</p>
<p><b>6. Economic benefit derived by the person from the contraventions</b></p>	<p>0</p>	<p>I have no reason to believe the respondent derived any economic benefit from the contravention. I maintain the gravity level at neutral.</p>

<b>7. Whether the person made reasonable efforts to mitigate or reverse the effects of the contravention</b>	0	As it relates specifically to the contravention of completing approved training in funeral services, there is no evidence of efforts to mitigate or reverse the effects of the contravention of failing to complete approved training for funeral services. I maintain the gravity level at neutral.
<b>8. The person's efforts to correct the contraventions &amp; prevent recurrence</b>	0	I have not been given evidence on measures that will be taken to ensure completion dates for education requirements are not missed again. I maintain the gravity level at neutral.

### Final Calculation of AMP

49. According to my application of the Policy and its AMP Matrix, the overall adjustment for the CIFSA section 38(1)(a) contravention involves an overall score of “minus one”.
50. The Policy determines that a violation of CIFSA section 38(1)(a) and 38(1)(b) is a Type A contravention with a base penalty amount of \$500.00 for an individual. In this case, having found a gravity level of “minus one” and in following the Matrix, I apply a penalty of **\$450.00**. In this hearing no additional relevant circumstances have been brought to bear on my analysis and calculation of penalty as to vary it from the Policy amount. I consider this penalty amount to be appropriate for the contravention. Attached to these reasons is a Notice of Administrative Penalty in the amount of **\$450.00**.

### J. RECONSIDERATION

51. A compliance order or monetary penalty may be reconsidered in accordance with Division 1 of Part 12 of the Act, subject to the provisions outlined in sections 181 and 182 (2). A request for reconsideration must be submitted within 30 days of delivery of the order to the respondent. The request must be in writing, identify the error the person believes was made or other grounds for reconsideration, and be accompanied by a \$252 application fee. A request for reconsideration should be addressed to:
