CEMETERY AND FUNERAL SERVICES
2025 Pre-Approved Continuing Education Courses
(Updated: October 16, 2025)

Continuing education is an important consideration for every funeral director and embalmer.

As a licensed funeral director or embalmer in BC, you are required to complete six hours of continuing education credits for each licence type, every two years from your initial licensing date. Credits are granted for courses that have received pre-approval from our office.

- Each course can only be applied once to a licence to meet your CEU requirements. Repeating a course will not count towards your CEU requirements.
- Credits can only be issued to participant (not instructor) of the course.
- * For courses that are pre-approved for both Funeral Director & Embalmers, credit can only be applied once either as Funeral Director credits OR Embalmer credits.
